## PROJECTS

Finedne Restaurant Website

01/2025 Pune Maharashtra

<https://finedine-restaurant.netlify.app/>

Description:

- Created a responsive restaurant website using **HTML, CSS, JavaScript, and ReactJS**, ensuring optimal performance across devices.
- Implemented **React Router** for smooth navigation between pages.
- Fetches menu content from a **JSON** file for efficient data management and real-time updates.
- Applied responsive design for optimal performance across all devices.

Online Clothing Shopping Website

12/2024 Pune Maharashtra

Description:

- A responsive and interactive website built with **HTML, CSS, JavaScript, and jQuery**.
- Features a modern, responsive design to showcase clothing products, including detailed descriptions, sizes, and pricing.
- Includes dynamic features such as product filtering, a shopping cart, and real-time updates for a seamless user experience.
- Enhanced interactivity through **jQuery** animations and event handling for smooth navigation.

Pesticide And Fertilizer Website

10/2024 Pune Maharashtra

Description:

- A responsive and interactive website built with **HTML, CSS, and JavaScript**.
- Designed a clean, responsive layout to display pesticide and fertilizer products with descriptions, benefits, and usage instructions.
- Added interactive features like product filtering, a contact form, and dynamic content updates to improve user experience.
